MEMORANDUM TO THE EXECUTIVE OFFICER

Subject: Mission of Training Division

1. This is in reference to memorandum of 25 July from Chief, TRD, requesting concurrence in, and publication of, the attached "Mission of TRD."

2. This appears to be a comprehensive statement of the present responsibilities of TRD and is not in major conflict with the principles set forth in S. O. Directive 18 of 6 June 1947. It is suggested that paragraph 2 g. be reworded to read as follows:

g. Conduct such liaison within OSO, OPC and the remainder of CIA, and in compliance with existing directives, with other outside agencies as may be required to provide a fully coordinated training program.

25X1 The substance of [] memorandum of 26 July 1950, attached herewith, should also be entered as an item under paragraph 3, "Related Functions."

25X1 3. It would appear that publication of TRD's present mission should be issued as another change to S. O. Directive
25X1 [] Since there are already 15 changes in existence, it might
25X1 be well to withhold this issuance until a complete revision
of S. O. Directive [] is undertaken.
